

HVAC/R

Skills, Capabilities and Solutions in the field of HVAC/R & Speciality Services

Energy Efficient Products and Technologies in Electro-Mechanical Fields:-

The HVAC system accounts a major share of a commercial business's annual electric bill. The best HVAC design must have an energy efficient HVAC technology while addressing Lower energy consumption and Space efficiency, Environmental benefit, Indoor Air Quality, Comfort & Productivity etc. Read full text at; [HVAC SYSTEM UPGRADE](#)

HVAC & Electro-Mechanical Projects

HVAC Project Estimation, Commissioning, Electro-Mechanical Manufacturing and Assemblies including Switchgear, Transmission Busbars, etc. Read full text at; [SPECIALITY SERVICES](#)

Latest Products and Evaluations

Low Voltage Wiring, Alternative Energy, Humidity Control, Remodeling Temperature Control Systems, A/C Tune-ups, Air Cleaners and Purifiers, Odour Absorbers, Sound Absorbers, and HVAC Software.

We test and evaluate the designs, provide expertise in the process from project estimation to commissioning. We also provide expert advise on the HVAC Products, assist clients to upgrade their HVAC System to lower utility bills.

Skills, Capabilities and Solutions in the field of Electro-Mechanical:-

The company has over 20 years of experience in the field of Heating, Ventilation, Air Conditioning and Refrigeration in all sectors. We provide expert advise on the HVAC Products, assist clients to upgrade their HVAC System to lower utility bills. View an installation project in Abu Dhabi: [HVAC UNIT](#).

Compressors

Repair and replacement of Centrifugal, Reciprocating, Rotary, Screw & Scroll compressors. We offer complete system overhauling and rebuilding capability. Spare parts are checked to verify they meet all specifications.

Emergency Replacements

Carrier, Chrysler, Copeland, Dunham Bush, Frick, Liebert, Sabroe, Trane, Vilter, Worthington, York etc.

Pumps

Centrifugal Pumps, Coupled Pumps, Feed water Pumps, Monoblock Pumps, Fire Pumps, Reciprocating Pumps, Steam Pumps, Vacuum Pumps, Variable Speed Pumps. (New Bearings are always installed during assembly.)

Laboratory Analysis and Treatment

- Refrigerants

[MAINTENANCE TIPS](#)

- Refrigerant Water
- Refrigerant Oil
- Corrosion Control
- Descaling Chemicals & Protective Coating

.Controls

Flow measuring devices, Liquid level controls, Pressure switches, Discs & Reliefs, Temperature & Humidity sensors Power & Voltage devices, Rh sensors etc.

Condensers

Aircooled, Watercooled, Shell & Tube etc.

Evaporaters

Plate type, Tank & Coil etc.

Parts

We stock a wide selection of replacement parts allowing us to make repairs promptly.

Clientele

Clients include Private & Stately Homes, Commercial & Industrial Properties, Oil & Gas Companies, Royal Palaces and Government Agencies.

Speciality Services

Alternative Energy, Building Automation, Safety Control, Environmental Safety, Refrigerant Safety (At what types of refrigerants are to be phased out by the Clean Air Act of United States), Firefighting Variants, Security Access Control, Burglary Alarm, Building Demolition, HVAC Software, Supply & Installation of Elevators, Lift & Escalators in Commercial, Industrial and Residential projects.
